IN REPLY REPER TO: AFPPA-8

HEADQUARTERS, ARMY AIR FORCES WASHINGTON

SUBJECT: Casualty Information of Crew Members

TO: ANDERSON, Jack R. Sgt. 18002671

- Washington and in the theaters overseas, Missing Aircrew Research and Investigation Offices to collect all information from our own and enemy sources, correlate this information and furnish it to search teams in the theaters who will go to the scene of the casualty incident and investigate. These teams will question those in the area who have knowledge of the incident and trace all leads down until they have the story. The German records we have translated are excellent. We have just received the Japanese records. By combining all this data with the story available in your memory, we can tell next of kin the things that mean so much to them.
- 2. You may or may not have been questioned in this manner before concerning the mission on which you were shot down and the events that followed. Regardless of previous questionnaires, it is important that we have the information requested here to complete our records concerning combat crewmen remaining in a casualty status.
- 3. If you have been sworn to secrecy as a result of your escape, evasion or internment, you may consider yourself released from all restrictions as to disclosure or publication of experiences except:
 - a. Secret intelligence activities and methods developed for use, or actually used, in prison camps.
 - b. Details of techniques employed by military intelligence organizations operating beaind enemy lines to assist evasion and escape.
 - c. Negotiations conducted on high government or military level to secure release from internment in a neutral country. (See AAF Reg 46-8 dated 30 October 1945)
 - 4. Please answer all the questions you can promptly and accurately. Re-

Greetings;

You had several questions in your letter and I thought I'd reply with this letter.

Me and my crew were the first one shordown on the first mission of the 384th B G. Although Lt. Disney's aircraft was hit simultaneously as was ours, he managed to bring his aircraft to a ditching in the channel. We, however, got our engines shot out in rapid succession and had our A/C explode in the air over the town "Goes", in Holland. With three engines on fire and the fourth running away we were just starting the procedure of bailing out when the explosion occured. The results were as follows---

Lt. Olbinski - Multiple contusions

Lt. Harry Swift - Multiple contusions and a severely injured leg.

Lt. "Dick" Grandpre - Multiple contusions, a broken arm and a tooth missing

Lt. Douglas Turner - Killed in action

Tech/Sgt Ernest Trickett - Killed in action

S/Sgt Oliver Reed - Multiple contusions

S/Sgt George Werbanec - Multiple contusions

S/Sgt William Counihan - Contusions

S/Sgt George Waterman - Killed in action

S/Sgt Harold Cooke - Killed in action

While in prison camp I met Disney, but of the others shot down on the next raid, Hamburg, and the following raid, Villacoublay, I have no memory of meeting them.

Enclosed is a copy of special orders assigning crews to the 384th. It's all the info I have as far as crews are concerned.

I was in the 545th Squadron.

I just finished attending the Stalag Luft III POW reunion in St. Louis. Now, since you're interested in the 384th, its operations and history, I suggest you contact
