STATEMENT BY LT. CARL W. KUBA, BOMBARDIER, A/C no. 081, MISSION TO SOTTEVAST
FRANCE, 8 May 1944

Although briefed to fly No. 5 in the Low Squadron, High Group, we were actually flying on the bomb run in No. 3 position of the Low Squadron. No. 3 position had been left vacant, no one had shown up to fill it. On the bomb run No. 1 aircraft of the Group had apparently been struck by flak. One engine was feathered and the other was windmilling and went down in a spiral. Whether it was under control or not I couldn't say. I watched him until he came around us on the side and disappeared from view. I don't know whether he was able to jettison his bombs or not. During the time I saw the aircraft I saw no chutes emerge. However, some may have come out later, since they had plenty of time. Shortly afterward, perhaps one or two minutes later, No. 4 ship in the Group formation was struck by a direct flak burst. The main tail of the aircraft disintegrated. No chutes emerged and the aircraft went into a steep dive.

Shortly after the bomb run our aircraft was struck by flak. The oxygen system was knocked out and another burst blew off the tail wheel. No. 4 engine was struck and set afire. No one had been wounded by the flak, for I called on the interphone and everyone answered. Another burst struck the left wing and almost tore it from the aircraft. The wing was struck between Nos. 1 and 2 engine and was left attached to the aircraft by only about a 1½ ft. of the leading edge and 1 ft. of the trailing edge. I then jettisoned the bombs to reduce the weight of the aircraft. We peeled out of formation to the left and headed for the Channel. The fire in No. 4 engine was extinguished and we believed that we could make it back. We were forced to let down to 13,00 feet because of lack of oxygen. However, flames continued to shoot out of the left wing and it became clear that we would not be able to make it back. The interphone had become in-operative by the time we reached the Channel and shortly afterward the signal for bailing out was given by the Pilot.

Declassified in accordance with D.O. 13526

I waited until the Navigator had gone out and I followed him out. Mine was the eighth chute out. I delayed opening my chute to prevent my drifting too far away from the rest of the crew. I pulled one side of my Mae West and when I hit the water I got rid of my chute. I saw about 10/15, P-47s circling us, together with a few Spits. One of the Spits dropped ~~/s/~~ me a dinghy, but I could not reach it, as it was about 4/500 yards away. My clothing kept me warm and dry for a while, but as the water successibely penetrated my garment I discarded it. My fingers became numb and I was unable to remove my coveralls. I was in the water about 1½ hours and then was picked up by Air/Sea Rescue. I was informed by Air/Sea Rescue that all of the crew except two ~~/s/~~ of us had died of exposure.

STATEMENT BY S/SGT. G. H. YEAGER, JR. TAIL GUNNER, A/C 081
Mission to SOTTEVAST, FRANCE, 8 MAY 1944

We saw flak before we crossed the enemy coast. The first ship in trouble was the one ahead of us. It had been struck by flak which hit the tail plane. The aircraft immediately went into a spin and I don't believe anyone got out of it because I saw no chutes. Shortly after the bomb run, flak struck our No. 4 engine and then No. 1 engine. Both engines cut out. The Bombardier told us that No. 2 and 3 engines were working all right. No. 4 engine caught fire but the fire went out in a short time. The next burst of flak which struck us hit the tail wheel, knocking it off. We were on the point of bailing out after the No. 4 engine caught fire, but it went out and we decided to try to make it back to the coast. Then the left wing was struck and almost torn from the aircraft. It was held on only by about 1 1/2 ft. of the leading edge and about 1 ft. of the trailing edge. The Engineer then called and told us there was fire between Nos. 1 and 2 engines in the main gas tank. The interphone had been partially shot out, although some of us could hear. When we got down to 13,000 ft. the Pilot gave the order to bail out. We bailed out about 1905 hours. I was the seventh man to leave the ship, the Bombardier being the last man. Neither the Pilot nor Co-Pilot bailed out. When I got into the water I had some difficulty in getting rid of my chute, as one side of it stuck. However I finally got it off. I pulled the cords on my Mae West and it inflated and then deflated. I began swimming about. The first explosion in the aircraft came when it was about 5/600 feet above the water. It went into a dive and then hit the water and sank. It came back up and an other explosion occurred and it began burning, staying afloat for about 4 to 5 minutes. About 2045 hours I was picked up by Air/Sea Rescue. I had seen none of the others after I landed in the water.

1. S/Sgt. REIS, DONALD EDWARD, 35,540,624, right waist gunner died of exposure. Bombardier and tail gunners are listed ~~xxxx~~ as eye-witnesses.

2. Attention is directed to last sentence of Lt. KUBA'S Statement. Per telephone conversation with preparing officer, 19 May 1944, this statement should be interpreted to mean Air-Sea Rescue presumed seven members of crew unaccounted for had "died of exposure". Actually, official status of seven unaccounted for crew members remains missing in action, since to this date, if dead, bodies have not been recovered.

SUBJECT: Determination of Status

TO: Commanding General
United States Army Forces
European Theater of Operations
APO 837, c/o Postmaster
New York, New York

1. The following personnel, occupants of a B-17 C type Aircraft, serial number 42-97081, were reported missing since 8 May 1944, by your Casualty Shipment No. 068:

Second Lieutenant James E. Brown, Jr.	O-754409
Second Lieutenant Donald V. Chubb,	O-515837
Second Lieutenant Kenneth M. Jones,	O-699180
Technical Sergeant Joseph J. Koser,	33421883
Technical Sergeant Marie E. Ingaire,	17128306
Staff Sergeant James A. Ratton,	11093338
Staff Sergeant Julius E. McClintick,	17115017

2. Missing Air Crew Report No. 4812 from the 384th Bombardment Group, 547th Bombardment Squadron, states that the aircraft in question was ditched in the English Channel, 13, miles off the French Coast, at 1905 hours. Two of the crew, Second Lieutenant Carl W. Cuba, O-757722, and Staff Sergeant George H. Yeager, Jr., 13062756, were rescued, and a third, Staff Sergeant Donald E. Reis, 35340624, was picked up dead by an Air Sea Rescue Squad. The rest of the crew, named above, were not found.

3. Your Attention is invited to Section 6, WD Circular 195, 1943 which provides as follows:

"a. Dead--Any person will be reported dead when there is reasonably conclusive evidence of death or where there are circumstances that lead to no other logical conclusion.

"b. Missing or missing in action.--Any person Unaccounted for, except those falling within the categories referred to in a above, will be reported as missing or missing in action.

"c. Investigation of circumstances attending the case of any person reported missing or missing in action will follow when conditions indicate advisability therefor, whenever evidence justifies a change from report of missing or missing in action to one of death, a supplementary report will be promptly submitted. If the information or evidence is not reasonably conclusive of death, a report of all facts will be submitted."

4. If the circumstances of the case justify a report of death, request compliance with the provisions of paragraph 8, WD Circular 195, 1943.

5. If the circumstances of the case do not justify a change of status, request that you forward a more complete account of the circumstances surrounding the loss of the airplane, including statements of survivors and a report of the facts upon which a presumption of survival may be based.

Dear Mr. Chubb:

This acknowledges your letter of October 29, relative to the personal property of your son and daughter, Lieutenants Donald V. and Mary C. Chubb.

I am inclosing a check for \$68.65, which represents the only property belonging to your son received here to date. I regret we have no information concerning the bicycle belonging to your son about which you inquire.

Funds in the amount of \$15.00 were received at this Bureau as the property of your daughter; hence Bureau check for like amount was forwarded to you. While no information was furnished as to their source, it is presumed this money represents personal funds.

It is probable that additional effects of your son and daughter will be received here at a later date. Therefore, I will appreciate your informing me of any change of address in the next six months.

I wish to express my sincere sympathy in your loss.

Yours very truly,

A. F. TIMMS
Administrative Assistant

Mr. A. F. Timms,
Administrative Assistant,
Army Effects Bureau,
Kansas City, Missouri.

Dear Mr. Timms,

With your letter of October 20th (91829-A) you enclose a check for \$15.00. I am wondering whether this represents money that my daughter had in cash at the time of her death, or whether some of her possessions have been disposed of and that this amount represents the value of them.

Our son, 2nd Lieut. Donald V. Chubb was reported to us on May 22nd as missing in action since May 8th, and on August 22nd we were notified that he had been killed in action on May 8th. We have not received any information in regard to any of his effects, and have been wondering whether all of our children's personal property will be returned to us or whether some of it may be disposed of where they were stationed. The serial number of our son Donald was O-815837, and his last address was 547th Bomb. Sq., 384th Bomb. Gp., A.F.O. 557, c/o Postmaster, New York, N. Y. One of his possessions was a bicycle which he purchased in England, and I would not expect that articles of that nature would be returned.

We thank you kindly for your services and for your expression of sympathy, and we hope that the sacrifices made in this war will not be in vain, but that we will have the wisdom and the courage to assist in forming an international organization that will have the power to prevent future wars and a repetition of what is now going on. Surely our love of peace and the uplifting of humanity should be much stronger than our love of those things that lead to war, destruction and unending sorrow.

Very truly yours,

/s/ Harry N. C. Chubb
